**Old Business**

**Trash and Vermin Problem at Starbuck's, Wisconsin Avenue** Jen Cosgrove, a Glover Park resident for four years and manager for three years of the Starbucks at Hall Place and Wisconsin Avenue gave a report on the dumpster situation at her store. Ms. Cosgrove reported that Starbucks takes their responsibility for neighborhood cleanliness very seriously and has a locked dumpster that is used correctly by her employees. The problem seems to be that the property owner for the building where the Starbuck's is located does not have a dumpster and quite often Ms. Cosgrove has seen people from that building leave trash on the top of her dumpster. Commissioner Blevins has spoken with the building owner.

Gerard Brown of the DC Department of Health Rodent Control and Enforcement introduced himself. He spoke about a pilot test for small trash compactors that has been tried for one year and has been successful in DuPont Circle. These trash compactors have three times the normal capacity and are able to be shared by three businesses. They are expensive to buy so most businesses lease them. Mr. Brown would be happy to meet with the Wisconsin Ave businesses and discuss this program. Mr. Brown also mentioned that everyone needs to take responsibility to keep an area rat free. He would like to work with businesses and surrounding residences to come up with a plan for our neighborhood. Jim Lively noted that the office building that includes the Starbucks may be illegally dumping trash and inspectors should be called in.

Sophia Henry asked if an additional trash cleanup could be added on 37<sup>th</sup> Street. Commissioner Lane will contact DPW about this issue.

**Presentation by Fran Harris, DDOT, on Visitor Parking Program** Fran Harris from the DC Department of Transportation introduced Alice Kelly, Program Manager, in charge of the Proposed Ward 3 Visitor Parking Pass Pilot Program. This program has been piloted in Ward 4 and soon will roll out to Ward 3. This program will eliminate the need for residents to go to the Police Station for a Visitor Parking Pass (VPP). Each household will be mailed a VPP which includes their ANC number, a unique ID number, and an expiration date. Household members are then free to lend it to visitors for their use while parking near the pass owner’s house and on streets with Zone 3 parking signs. There are many benefits to this new program. Benefits include: 1) not having to go to the Police Station for a Visitor’s Pass and 2) residents can give this pass to whomever they wish for as long as they wish. Consequently, household workers and other regular visitors could potentially use the passes. Ms. Kelly hopes to roll this program out in the next several months but could not give an exact time table.

**Open Forum**

Sophia Henry noted that the bus stop changed from north of Calvert to south of Calvert for Wisconsin Avenue buses headed north. Commissioner Lane will investigate.

Jeff Jennings from DDOT and the head of the Glover Park Transportation Study, announced a meeting will be held at Guy Mason on February 22. This meeting will outline ten short term recommendations to improve traffic in our neighborhood over the next four to six months.

Lieutenant Ralph Neal introduced himself as the new Lieutenant for PSA 204. His phone numbers are 202-425-3221 (cell) and 202-715-7348 (office). He has been an officer since 1979. He was in the third district until 1993 when he was transferred to the Shaw area. He is very happy to be back here. Jim Lively asked that PSA 204 meetings be held at a time convenient to the general public. Officer Neal responded that the new meeting times would be 6:30 p.m. on the fourth Thursday of the month. Mr. Lively also asked for a roster of PSA 204 officers. Lt. Neal said that 204 has a full compliment of good, qualified officers.
