**Stoddert Recreation Center and School Modernization Project.** Representatives from DPR, the construction company, and the architects presented current plans for the Stoddert project. The Whiting-Turner Construction ([www.whiting-turner.com](http://www.whiting-turner.com)) representatives were Bill Whiting, President, Susan Castellan, Senior Project Manager and Ryan Columbo, the on-site Project Manager. DPR representatives included Marcos Miranda and Sarah Moulton. Also present were Matt Bell and David Shuling EEK Architects and Alphonso Fluelling from McKissack & McKissack.

The plan was presented and generally well received by the community. The main burden for the community is that demountables (temporary building) will built on the field. This step is required in order that the students will be able to stay in the neighborhood rather than be re-located elsewhere in the city. The demountable building will run parallel to 39<sup>th</sup> Street. Sarah Moulton from DPR assured the community that the field would be restored to a better condition than it is today.

Construction is due to start in June 2009 with completion by August 2010. The cost of the project is estimated to be \$18 million.

**Plans for Farmers Market at Hardy School on Saturdays.** Lauren Beahl described plans for a farmers market to be held every Saturday this summer, June 13 – October 3 at Hardy Middle School. There will be 12 vendors with a mix of fruit, vegetables, meat, bread and eggs. As the success of this market grows, so will the time frame for the 2010 season as well as the number of vendors. At some point, the organizers will submit a grant request for this project to ANC 3B for consideration.

**Metro bus service in Glover Park.** On February 23<sup>rd</sup>, WMATA held a public meeting to discuss possible changes to the “D” line bus service. Community opinion basically holds that the D2 bus service works well and should not be changed but that there are significant problems with D1 bus service that need to be addressed. Commissioner Cohen introduced a resolution requesting that WMATA make no changes to D2 service and address deficiencies in D1 service.
