2nd District Police Report

Officer Rock gave the police report. There has been a 12% reduction in crime from last year's numbers. However, the police are still concerned about the number of thefts. Last year there were 19 thefts, but this year there have been 24. The police recently identified a suspect responsible for the thefts from autos. They also closed out the cases of thefts from the WSC and Savoy Hotel. They are trying to get another officer to patrol Wisconsin and the surrounding neighborhood and they will investigate the increase in panhandling.

New Business

Liquor licenses: Three renewals were presented to the ANC: The Market at the Colonnade, Wide World of Wine, and Pearson's. Motion was made to approve all three licenses. The motion passed 4-0.

Glover Park Retail Study: Melissa Bird from the Office of Planning presented an update. Phase 1 of our district's analysis has begun, and she should have the results to present to the ANC by July. Documentation will follow in October or November 2006. The District has hired HNTB and Retail Compass as consultants on this project. All community input is expected by the end of July.

Pepco: Roger Green and Deborah Roister presented an analysis of Pepco's rate increases. Rates have increased because of the spike in energy costs; however, DC's increase is 12% compared to a 38% increase in Maryland and 78% in Baltimore. Payment options are available as are programs from the city. The Pepco Website also has energy saving tips: www.pepco.com. Consumers in the District have choice, and they can purchase their energy from any of Pepco's competitors.
