RE: Request for PABC Grant by Janel Leppin for "Woven Women Listening" Installation

To whom it may concern:

ANC3B discussed and accepted comment about the above-cited pending request for a Public Art Building Communities grant for Janel Leppin's proposed "Woven Women Listening" installation in Glover Park during our most recent meeting on July 11th. The Commission then voted 4-0 to support Ms. Leppin's grant request to create and install a piece that will help tie together Glover Park's community of artists from the past and today. Since then, Ms. Leppin has held a publicly-advertised meeting with the community to answer questions about the project and collect community feedback.

Our support for the grant request is based on an understanding that the request and the work of art will be properly reviewed and vetted by all appropriate officials prior to installation.

Sincerely,
