

GOVERNMENT OF THE DISTRICT OF COLUMBIA
ADVISORY NEIGHBORHOOD COMMISSION 3B
GLOVER PARK AND CATHEDRAL HEIGHTS

**Resolution Requesting Additional Analysis by DDOT Regarding Their Intention to Install
Three Speed Humps in the 4000 Block of Davis Place NW**

Whereas DDOT has completed a Traffic Safety Investigation involving speed and traffic concerns along the 4000 Block of Davis Place, NW and issued a notification of their intent to install three (3) new speed humps in the 4000 Block of Davis Place, NW;

Whereas Stoddert Elementary School is bordered by the 2500 block of 39th Street to the east, the 3900-4000 blocks of Calvert Street to the south (running in front of the school), the 2500 block of 41st Street to the west and the 3900-4000 blocks of Davis Place to the north (running behind the school);

Whereas speeding and unsafe traffic behavior that endangers students, teachers, parents and other pedestrians is witnessed especially on the 3900-4000 blocks of Calvert and the 3900-4000 blocks of Davis Place;

Whereas most traffic approaches the school from the east side in front (3900 block of Calvert) or in back (3900 block of Davis Place) of the school;

Whereas installing speed humps only on the 4000 block of Davis Place fails to address speed and safety concerns in most of the area surrounding the school and in the areas that carry the most traffic by the school;

Be it Resolved the ANC 3B requests DDOT to expand their Traffic Safety Investigation to include all blocks around the school;

Be it Further Resolved that plans for Installation of speed humps on the 4000 block of Davis Place be delayed until a comprehensive plan for implementing traffic safety measures around the entire perimeter of the school is developed and vetted.

This Resolution was approved by a vote of 5-0 at a duly noticed public meeting on December 14, 2023, at which a quorum was present (four of the six members constitute a quorum).
