Resolution Regarding Proposed Budget Cut to Fillmore Arts Program

In light of a newly-announced DCPS proposal to eliminate funding in its budget for five schools, including Stoddert Elementary, that allows them to participate in the Fillmore Arts program which would leave Stoddert as one of only eight schools without a dedicated arts instruction space or program, and significantly diminish the current range and quality of arts instruction available to local students, ANC3B will consider a resolution urging the city to provide adequate funding to maintain the Fillmore Arts program.

Resolution Regarding Proposed Legislation on Transitional Homeless Shelters for Families

In advance of the DC Council hearing set for March 17 and in light of the lack of information given to communities, ANC3B will consider a resolution that urges the Council to not treat this as emergency legislation as the Mayor requested, but to allow oversight and other democratic processes to go forward so that residents can learn more about the proposal, taxpayers can be assured that shelter site leases are fiscally responsible, and ANCs can fulfill their lawful responsibility to function as advisory bodies which are accorded "great weight."
