Police Report

Discussion with Jeff Marootian, Director of DC Department of Transportation (DDOT)

The Director will talk about DDOT priorities, address issues facing ANC3B, and take questions.

Discussion with Alex Lambert, Restorative Justice Facilitator with the Public Safety Division, DC Office of Attorney General (OAG) (including work on the NEAR Act)

Resolution on Neighborhood Engagement Achieves Results (NEAR) Act Implementation

The NEAR Act was adopted in spring 2016 to create an integrated approach to crime and violence, combining public health and social services with improvements in policing and data collection. The Commission will consider a resolution to support the principles and mechanisms in the law and encourage the city to continue working toward full implementation of the provisions and sharing resulting data with the public as appropriate.

Resolution on DC Comprehensive Plan Update

The DC Office of Planning (OP) has drafted a revision of the first 60-pages of the DC Comprehensive Plan, called the “Framework Element,” covering policies, principles and land use maps. The Mayor submitted the draft to the DC Council without sharing the proposed changes with the public and providing the comment period OP had promised. The draft Framework Element also reduces the avenues for ANCs and others to participate in zoning cases and oppose decisions on the basis that they violate the goals and principles of the Comp Plan. The Commission will consider a resolution urging additional opportunities for public comment on the Framework Element before it is approved, and asking OP and the Council to ensure that ANCs and others have adequate opportunity to review and comment on other proposed changes in the Comp Plan and on future planning and zoning issues.
