The ANC will consider a resolution on the request.

Discussion and Vote on Councilmember Mary Cheh's Proposed Resolution RE Stoddert School. The resolution says the current Stoddert addition should permit adding a 3rd floor if needed, and students in our area should not be assigned to a new DCPS elementary school on Foxhall Road. The Council hearing is September 27.

Letter of Support for Rocklands' Request to Have Entertainment for Art All Night on September 23. Rocklands at 2418 Wisconsin has a liquor license but no entertainment endorsement and wants to participate in the Glover Park Art All Night program by having a small band in their streatory. The Commission will take comments at the meeting and vote on sending a letter to ABRA in support of the request.

Presentation on Application for Special Exception for Addition at 2504 41st Street. The applicants are asking for zoning approval in BZA Case 20783, to construct a third story with roof deck addition and convert a two-story semi-detached 4-unit apartment building to 9 units in the RA-1 zone. BZA has scheduled a hearing on the case on September 14, 2022.

DDOT Update on Proposed Design for Protected Bike Lanes on New Mexico/Tunlaw. Since December, the DC Department of Transportation (DDOT) Bike Planning team has been assessing safety options and public comments on possible designs for bike lanes and other traffic safety improvements on New Mexico Avenue and Tunlaw Road north of Calvert. On April 14, DDOT presented new preliminary designs and in the past two months has been reviewing comments from residents and the ANC letter approved at the July 14 meeting and working on potential revisions to the designs. DDOT also held a site visit in August to review some of the areas raised in the comments. DDOT Community Engagement representative Christian Piñeiro and Bike Planning Analyst Mike Goodno will present the agency's latest designs, discuss options, and take questions and comments. DDOT is still planning to announce final proposed designs and Issue a Notice of Intent (NOI) in the fall, which will launch a 30-day period for final comments from residents and ANCs.

Presentation about the Work of the District of Columbia Sentencing Commission. Outreach Specialist Brittany Bunch will speak about the Sentencing Commission's ongoing review of sentencing policy and practices for criminal violations in the District and its annual Voluntary Sentencing Guidelines Manual. The Commission provides recommendations to the DC Council on sentencing policy and practices but does not have the authority to change the current law or set the sentence in individual cases. (The Commission is separate from the DC Criminal Code Reform Commission.)
