RE: Request for Zoning Variance at 2103 Huidekoper Place NW, Case #20099

To whom it may concern:

ANC3B has discussed and accepted comment about the above-cited application for a zoning variance and special exception. The Commission then voted 4-0 its support for the rear deck construction plans. ANC3B recommends that the rear deck porch construction at 2103 Huidekoper Place NW be permitted to go forward as the plans describe and that whatever variance and/or special exception are needed be granted.

Chairman Turmail, whose SMD includes this property, consulted Mr. and Mrs. McCrone's neighbors and received support for the project from them all. No objections were raised to the ANC.

Sincerely,
